# Town Warrant

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis in the County of Hillsboro in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Hollis on Tuesday, the fourteenth (14th) day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear the reports of the Selectmen and the Town Officers and committees.
4. To see if the Town will vote to authorize the Selectmen to distribute the blank inventories at the time of appraisal.
5. To see if the Town will vote to instruct the Treasurer under order of the Selectmen to borrow money in anticipation of taxes.
6. To see if the Town will accept State Aid for the construction of Class V roads and raise and appropriate the sum of \$659.60.
7. To see if the Town will vote to allow 2 per cent discount on taxes paid before August 1, 1939 and to assess fines of twenty cents on all poll taxes not paid by September 1, 1939.
8. To see what action the Town will take in regard to the mortgage on Shoen property.
9. To see what action the Town will take in regard to closing the road from Proctor Hill Road to present closed road at Shoen property.
10. To see what action the town will take in regard to purchasing a forest fire pump and equipment.
11. To see what action the Town will take in regard to closing the road leading to Ernest Dunklees homestead.
12. To see what action the Town will take in regard to accepting report of committees appointed to name roads, and make an appropriation of \$100.00 for the same.
13. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 27 day of February, in the year of our Lord nineteen hundred and thirty-nine.

WARREN H. TOWNE,\*  
EDWARD LIEVENS,  
MILTON D. WRIGHT,

Selectmen of Hollis.

## GRAVE FOREST SITUATION FOLLOWS SEPTEMBER HURRICANE

---

Woodland problems of timber salvage and fire control created in many towns by the September hurricane are of the greatest importance. GOOD CITIZENSHIP CALLS FOR PERSONAL AND WIDESPREAD ACTION!

The salvage of every thousand feet of logs which can be sold means money for landowners, wages for workers, employment for trucks, teams and machinery, as well as reduced forest fire hazard for all. If owners of windthrown timber have not yet acted, they should communicate with those who can help. TOWN CHAIRMEN are fully informed; STATE ADVISORY AGENTS can help to start logging by suggesting names of operators and giving other useful advice; FEDERAL AGENCIES are increasing the number of log storage places as rapidly as possible. INDIVIDUALS MUST NOW COOPERATE!

Forest fire danger for several years will be greater than usual. So much work must be done by public agencies to reduce hazard along roadsides, near improved and other exposed areas that many places will remain hazardous for some time to come. INDIVIDUAL LANDOWNERS MUST TAKE A PERSONAL INTEREST! Aid in clean-up work through the Agricultural Conservation Program is available to any woodland owner at \$4.00 per acre on areas up to 15 acres. The County Agent should be consulted.

Support your local forest fire Wardens and Deputies. They are planning, with State and Federal agencies, an intensive campaign to control fires. Help them by strict observance of the fire laws. Cooperate by reporting fires you may see and in other ways. Fire fighting tool supplies are inadequate and should be reasonably increased by many towns. KINDLE NO OPEN FIRES WITHOUT A PERMIT FROM THE WARDEN EXCEPT WHEN THE GROUND IS COVERED WITH SNOW. YOU CAN HELP, AND IT WILL PAY, TO PREVENT FOREST FIRES!

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Hollis:

I herewith submit my sixth annual report for your consideration.

### Supervisory Union No. 40

The organization of this unit is practically the same as was explained in detail in last year's report. The only important change in the set-up concerns the joint office expense account. At the annual meeting of the joint board last spring Hollis decided not to have the financial accounting and certain other office work done at the central office in Milford which resulted in a decrease in the amount of money to be contributed by Hollis. (For this year the Hollis School Board voted to pay \$50.00)

### TEACHERS

One change only has been made in the teaching staff. During the summer Miss Dorothy E. Smith asked to be released from her contract and the request was granted by the School Board. Miss Smith served successfully for two years as teacher of grades VII and VIII with departmental work in English in the High School. She was also coach of girls' basketball. Her place has been taken by Miss Jean Taylor of Pittsfield. Miss Taylor holds a Bachelor's degree from Keene Normal, 1938, and already has credits toward a Master's degree from the University of New Hampshire.

A list of teachers and assignments follows (the number in parentheses indicates the year of service in Hollis): J. Philip Chase, Headmaster, Science and Mathematics (2nd); Miss Pearl C. Rideout, Social Science, Languages, Physiology and Nursing (12th); Mr. Parker Blodgett, Agriculture, Mathematics (4th); Miss Jean Taylor, English and Grades VII-VIII (1st); Mrs. Madeline Denault, Grades V-VI, (16th); Miss Lucinda Read, Grades III-IV (48th); Miss Emma Pitman, Grades I-II (3rd); Mr. John M. Priske, Music Supervisor, (17th).

### INSTRUCTION

The usual plan for High School continues to operate, that is, the alternation of certain subjects with the resulting combination of grades. This year (1938-1939) the following alternating subjects are taught: Civics and Occupations, Junior Business Training, French I, United States Constitutional History, Sociology, and Chemistry. In 1939-1940 there will be offered: History of Civilization, Biology, Latin I, Modern European History, Economics, and Advanced Math.

Under a new arrangement, it is now possible to secure Federal Aid in agriculture for transportation as well as instruction. This will be paid as a reimbursement to the School District for one-half of mileage actually covered by Mr. Blodgett in his work but not to exceed a total of \$100.00. Also Federal aid has been offered (\$75) and accepted to finance an extension course in agriculture for young men in the community 16 to 25 years of age. These classes will be conducted by Mr. Blodgett in the school shop and will meet outside of regular school hours. Thirteen are now enrolled.

Instruction in vocal music is given to all pupils each Tuesday by Mr. Priske. This year it is hoped to have a public performance by elementary pupils. For such affairs and for music programs on special occasions such as Memorial Day and graduation, Mr. Priske is to be commended for his willingness to give freely of his time for extra rehearsals.

The High School Orchestra conducted by Mr. Blodgett makes a fine activity for those who participate. This group played several numbers at a meeting of the teachers of this Union held in Hollis on the evening of November 18, 1938. At this meeting Dr. Ernest W. Butterfield, formerly Commissioner of Education in New Hampshire, and now Superintendent of Schools in Bloomfield, Connecticut, gave a splendid address.

Again there is an opportunity for correspondence courses for persons over sixteen years of age who are not in school. Mr. Albert N. French of Durham continues in charge of this area with headquarters at Milford. Mr. Edgar L. Paris is now State Supervisor, replacing Mr. F. C. Reagan who served us so well in that capacity.

## EQUIPMENT

During recent years the equipment in the various departments has been repaired, replaced and increased until now the needs have been reasonably well taken care of with the following exceptions: (1) obsolete and worn out textbooks and reference materials need to be brought up to date, (2) a few additions to the agricultural shop tools and laboratory apparatus should be made each year thus avoiding a large expenditure any one year, and (3) maps and globes are needed in several rooms.

## REPAIRS TO PLANT

Major items such as painting, shingling, etc., have been well taken care of. However, as has been suggested before, it would be very advantageous to have more and better storage space for books and supplies. Also there is need of better control of the heating and ventilating. Weatherstripping of the

windows and installation of window ventilators of a simple type ought to improve the situation and save fuel as well. The road in front of the school building should be top surfaced and the front steps should be rebuilt.

## ATTENDANCE

The percentage of attendance for last year, as shown in the statistics below, is good both in high and elementary grades but the number of tardinesses (260) is quite high. Punctuality is an important trait to acquire and school is an excellent place in which to practice it. It is only when pupils, especially those in highschool, make their school life a thing of prime importance in their lives that they will get the most out of it and incidently contribute the most to it.

## CONCLUSION

The Educational Policies Commission has stated in its book, "The Purposes of Education in American Democracy,"

what, in its view, the schools of the United States ought to try to accomplish.

Some of their recommendations are as follows:

#### A. THE OBJECTIVES OF SELF-REALIZATION.

The educated person—

1. Has an appetite for learning.
2. Can speak the mother tongue clearly.
3. Reads the mother tongue efficiently.
4. Writes the mother tongue effectively.
5. Solves his problems of counting and calculating.
6. Is skilled in listening and observing.
7. Understands the basic facts concerning health and disease.
8. Protects his own health and that of his dependents.
9. Works to improve the health of the community.
10. Is participant and spectator in many sports and other pastimes.
11. Has mental resources for the use of leisure.
12. Gives responsible direction to his own life.

#### B. THE OBJECTIVES OF HUMAN RELATIONSHIP.

The educated person—

1. Puts human relationships first.
2. Enjoys a rich, sincere, and varied social life.
3. Can work and play with others.
4. Observes the amenities of social behavior.
5. Appreciates the family as a social institution.
6. Conserves family ideals.
7. Is skilled in homemaking.
8. Maintains democratic family relationships.

#### C. THE OBJECTIVES OF ECONOMIC EFFICIENCY.

The educated producer—

1. Knows the satisfaction of good workmanship.
2. Understands the requirements and opportunities for various jobs.
3. Has selected his occupation.
4. Succeeds in his chosen field.
5. Maintains and improves his efficiency.
6. Appreciates the social value of his work.

The educated consumer—

7. Plans the economics of his own life.
8. Develops standards for guiding his expenditures.
9. Is an informed and skillful buyer.
10. Takes appropriate measures to safeguard his interests.

#### D. THE OBJECTIVES OF CIVIC RESPONSIBILITY.

The educated citizen—

1. Is sensitive to the disparities of human circumstance.
2. Acts to correct unsatisfactory conditions.

3. Seeks to understand social structures and social processes.
4. Has defenses against propaganda.
5. Respects honest differences of opinion.
6. Has a regard for the nation's resources.
7. Measures scientific advance by its contribution to the general welfare.
8. Is a cooperating member of the world community.
9. Respects the law.
10. Is economically literate.
11. Accepts his civic duties.
12. Acts upon an unswerving loyalty to democratic ideals.

All of us--school officials, parents, pupils, and citizens in general--have a responsibility in the accomplishment of these objectives. May we fully measure up to our responsibility.

Respectfully submitted,

HAROLD C. BALES,

February 15, 1939.

Superintendent of Schools.

## REPORT OF HEADMASTER OF HIGH SCHOOL

---

Harold C. Bales, Superintendent  
Milford, N. H.

I herewith submit my second report as Headmaster of Hollis High School.

Upon viewing the problems of education today, one is bound to come sooner or later to the realization that there is lacking among our young people any definite articulated set of objectives for human life based upon a fundamentally adequate unification of all our scientific knowledge. Educators all over America have felt and realized this. They have viewed with alarm the ease with which youth is being led away from many of the firm democratic principles upon which the very foundations of our country were laid. Therefore "Education for Democracy" was adopted as the subject of the annual conference of Headmasters and Superintendents of New Hampshire, held at Plymouth last August.

I am firmly convinced that participation in any organization based upon the principles of voluntary cooperation of intelligent persons is one of the finest and most effective ways of establishing those values in which the world is so lacking today. It must be granted, however, that intelligence is one of the keys to the success of any such organization. In our schools today we are endeavoring to supply that necessary intelligence without which any democracy will collapse.

There is need for an understanding of certain academic subjects such as English and United States Constitutional History. These are required subjects which everyone must take at some time during High School. Hollis offers many other subjects which in each case is thought to supply its share of that larger amount of knowledge so necessary in the successful operation of a democracy. A complete list of the courses being offered in the Hollis High and Junior High Schools with their September enrollment follows:

Agriculture I-II .....	8	History VIII .....	12
Agriculture III-IV .....	16	Civics and Occupations ....	17
Algebra I .....	14	Sociology .....	15
Geometry .....	10	Junior Business Training ..	19
Arithmetic VII .....	18	Nursing and Physiology ...	8
Arithmetic VIII .....	12	Geography VII .....	18
English VII .....	18	Science VIII .....	12
English VIII .....	12	Chemistry .....	12
English IX-X .....	25	French I .....	18
English XI-XII .....	28	Latin II .....	3
History VII .....	18	U. S. Constitutional Hist.	26

This need for an understanding of a few academic, vocational and cultural subjects such as are offered by the average high school is not the only prerequisite for the successful operation of a democracy, nor is it in the opinion of many, the most important. There is needed a genuine spirit of cooperation and self-sacrifice which will prompt one to say not "How much am I going to get out of it?", but "How much will it help.". It is this spirit that the teachers of your school are trying to instill in their pupils. It was this spirit which prompted the pupils to work night after night with Miss Rideout in perfecting the play "Peck's Bad Boy" which was so successfully performed on the evening of November eleventh. It was this same spirit which also prompted the pupils to get out and sell over four hundred tickets to this play until not a vacant seat was left in the hall.

The High and Junior High Schools have engaged in many other activities this year, all being supported with that same cooperation exemplified at the time of the Senior Play. The first social event was a Halloween party held at the Town Hall on October twenty-eighth. Basketball started in the latter part of November and has been holding the focus of attention ever since. Both boys' and girls' teams have been even more than successful, not because they have won most of their games, but because of the splendid cooperation among both the players on the floor, and those who have played in only a few games.

In addition to the regular music under the supervision of Mr. Priske, the High School Orchestra is taking a definite part in the organization of the school. It has met for rehearsal every Wednesday this school year, and provides a very valuable opportunity for those interested in learning something of instrumental music. Mr. Blodgett has not only supervised the orchestra in school time, but has given free lessons to interested pupils outside of school.

There has been for some time a very decided interest in public declamation of some sort in the school. Miss Taylor, our English teacher, is also interested in public speaking and debating, and so is now supervising our newly organized debating club which meets weekly. Over thirty interested pupils from the High and Junior High schools have been attending this club. Here is still another opportunity for a good teacher to make her influence felt in helping to solve the problems in democracy.

The actual set-up of the democratic form of government is practiced in the Hollis Schools in three organizations: the Future Farmers of America, the Hollis High School A.C.E. Association, and the Junior Branch of the Hollis High School

A. C. E. Association. Here officers are elected, delegates appointed, and business is carried on in much the same manner as in our national, state, and local governing bodies.

For the benefit of those who are not familiar with the A. C. E. Association a word of explanation might be helpful. Some years ago it was decided that class organizations as such in a school as small as Hollis High were at times impractical, so an organization was formed of which all pupils are members, and which serves in promoting the ends of education in school clubs, athletics, and in fostering a general feeling of good-will and orderly behavior about the school. The word A. C. E. was chosen as the name of this association.

It is my hope that through our school organizations, athletics, and our classroom instruction we as teachers may help the pupils entrusted to us to see more clearly some definite objectives in life worth working for, and that they will become more and more aware of the blessings of democracy.

The following is a list of the pupils graduated from the High School on June 16, 1938:

Bell, C. Woodbury	Hardy, Elwin
Blood, Elizabeth	Lund, Eleanor
Brown, Alice	Lund, Maynard
Campbell, Alexander	Stearns, Hobart
Charait, Albert	Stratton, Charles
Fenimore, Dorothy	

Of these pupils graduated, the following are now attending college or some post-secondary school:

## REPORT OF SCHOOL NURSE

To the School Board and Citizens of Hollis:

Number of children examined	190
Number of children with defective teeth	58
Number of children with defective tonsils (2 corrected)	7
Number of children with defected hearing	3
Number of children with defective vision (5 corrected)	9
Number of visits of nurse to school	47
Number of visits of nurse to homes	71

After the routine weighing measuring and vision tests of the school pupils, Dr. Abbott Winograd, School Doctor, physically examined each pupil; also a blood pressure check up on all high school pupils to determine their fitness for athletic sports.

Where any defects were found the parents were given notice of it in order that corrections might be made.

The dental clinic held in the spring had 67 pupils attending, 64 of whom had their dental work completed.

A recent epidemic of colds interrupted the school attendance some, otherwise, the health of the pupils has been very good.

The fine cooperation of the teachers and parents helps greatly to promote the health program and is appreciated.

Respectfully submitted,

HELEN J. HOUSE, R. N.
